Planning

Your Library's strategic plan

How does resource curation fit into your Library vision and goals?
What will you use them for? Curriculum content? Extra-curricular?

Who is responsible?

Who will do the work? Will teachers provide resources? Will you find them? Who builds the LibPaths?
Staff requests or do you create anyway?

Just starting - advanced

It takes time to build up your skills. Where you will start will look vastly different to a few months and then a year later. Set your expectations and learn and upskill as you go. Update LibPaths with your new skills.
